## Mr. Davis

What do you say about a man who has for the last thirty five years made such a positive impact on the Gould Community? You honor him in the way that he would enjoy best, by telling a story. On a rainy Saturday morning while sitting in the Mouse and Bean we were lucky enough to have Mr. Davis join us for a cup of coffee. As we talked he made us feel like we were more than just students in his life. He spoke to us like we were not just his advisees but like we were extended family. As the hour progressed and our families finally came to join, the feeling never changed to that of a formal parent-teacher conference. He continued to exhibit that feeling of family and friends. This feeling is one that Mr. Davis has effortlessly created at Gould. He has a way of connecting with students on a level, not just a teacher, but also as a family member away from home. Mr. Davis created the impression as if we had known him our whole lives. That time spent with Mr. Davis at Mouse and Bean will always be in our minds. The impact that Mr. Davis has had on students at Gould can be as large as four point or as simple as sitting down and having a cup of coffee. He is always ready to listen and never quick to judge, and his accepting personality makes him approachable to almost anyone. The Gould Community will never be the same without his dry humor and his contagious passion for teaching. We will miss his witty comments, facetious remarks and most of all his stories. It has taken you thirty five years Mr. Davis, but you are finally graduating. This is why we dedicate the 2006 year book to you, Mac Davis.

## Doc O.

Doc. O, you're a man with an impetuous love for life. Aside from being an amazing teacher, adviser, and soccer sideline time keeper, you are a pure soul. You're a soul that embodies life's true subtleties. Never forgetting to stop and admire our amazing world, you always take the time to absorb what most people take for granted. Your ease in life is refreshing and always reassuring. In a world and school that can become quite chaotic, I have never seen you flustered, and in fact only strengthened by your resounding character. I don't know if it's your blindingly white, almost yellow hair that is so relaxing, but your ability to stay in such a constant calm is held in high esteem.

You will forever be remembered as the coolest, hippest, and chilliest teacher that has ever roamed the Gould academy campus. We will never forget your seemingly effortless strives to help and improve our school and lives. Your impact will forever be part of we are, as will your cookies. Thanks for all your years, blood, sweat, and tears, and as you would probably say, "Peace out."

# Mr. Graham

Mr. Graham never "just showed up." For the past 22 years Will has risen up the ranks to become a driving force in the Gould community. More importantly, he has somehow managed to involve himself with every member of the community. Whether he be a teacher, a coach, a mentor, or a friend, he has been a positive influence on both student and faculty alike. He has been able to gain respect from every person who has witnessed the respect he returns to students. He has used this respect, and that Iron Brow of his, to lead trusting kids in the right direction, even when they, at the time, thought it was entirely wrong. His assertive tone, backed up by sensible and reasonable thoughts, have been able to push kids into the ever-important process of pondering themselves. Nobody can question the fact that Will has placed this community upon his shoulders, his very large shoulders, and help support it throughout these years. Will, for the past 15 years, you have been able to play many a role in my life, each one valued and well played. You've been a teacher that's put me in line, even when I didn't know I was out. You've been a friend that's not afraid to sit back and laugh here and again. You've been a coach, one that has pushed me harder than I ever expected out of myself and that I could never live with disappointing. You've been that uncle, the one that always seems to say exactly what I need to hear, even if it's not always the prettiest. You've been Uncle Coach Willby to me, the man that's been able to help me so many a times and who will be sorely missed in the years to come. So on behalf of the Gould Academy Community, I'd like to give three claps for Will Graham. Will, thanks for it all, enjoy California, and remember, you're right where you want to be!

It would be a lie to say that I will miss everything about Gould.  
In fact, there are very few things that I will miss.  
There were times when I absolutely abhorred the philosophies and policies of this institution. Students and teachers, flaunting liberal ideals, "dumb" rules, and bad Tuesday dinners have been difficult to deal with over the past three years. There are some students here that have found great success in this social bubble we have at Gould. Their ability to manipulate this community has earned them high standings in every social circle, even proctorships. Yet I wonder how they will ever survive after that 4-year binge called college. Such people have made me contemplate why I ever chose to come here. But through it all, I have learned to balance the freedoms and responsibilities that Gould has given me. I have even been fortunate enough to meet a few people that I do not plan on losing contact with as I move on in life. By the time the world reads this, I will be in college, starting all over again in a totally new social environment. The difference this time around is that I will know how to be successful. I now know who I am and how to find others like me. I thank you, Gould, though not for the school lessons, the skiing, or the social B.S., none of which had any great effect on me. I thank you for allowing me to identify myself and for giving me the life lessons that no class could ever teach.

## Sam Bowen

Mom and Dad: What else can I say, besides thank you so much for everything you have done for me. I don't know what I would do without you guys. I don't know what you guys are gonna do next year without both of us, you're already crazy. I love you both.

Kayla: Wow. We are the definition of best friends forever. Although I beat you up sometimes, remember that I love you and I don't know where I would be if it weren't for you. You're an amazing sister, and an amazing friend. Don't let anyone tell you differently, cause if they do I'll kick them in the teeth.

Kat---I can tell you anything. Your frankness allowed me to become more comfortable w/myself---thanks doesn't even cut it.

Clare---My pet liberal....! Our debates, especially our 'imaginary world w/out morals' debates, will be missed sorely.

Julia---You've taught me more important life lessons than you'll ever know.

The Geek Squad---You guys are like brothers without the safety button!

Hanging with you is like being back at home, debating about computer games and the true purpose of the vibrating razor!

Faculty: All of you seriously made the Gould experience! Thank you so much for supporting me throughout my years here---especially Mac, Bonny, and the Shiffrins. My years here wouldn't have gone down as well as they did without every single one of the faculty members...even the ones that still sort of intimidate me....(coughWhittingtoncough)....

Mum and Dad: Thanks for all of your support. Its been tough these past two years but because of your support I got through it all. Words cannot describe how much you guys mean to me. Thank you for everything.

Jonathon: Just 'cause you're taller than me doesn't mean I can't still take you.

Good luck with the next two years of Gould.

Kick a\*\* with everything you do (soccer, skiing, school, the Ladies).

Emily: Thanks for always listening to me and being there when I need you. You will have to come up to college and visit me.

Thomas: Thanks for being such a good role model. You don't realize it but both Jonathon and I look up to you so much. Keep on doing your thing, and we will keep on trying to live up to it.

Will: We had a pretty good run at the academy. New years at the summit, working at the campground, stealing "Spiro" signs. Its been a great 4 years. Can't wait to party together when we're in college. Keep on doing what your doing.

To the class of 2006: Finally we are on the home stretch. Thanks for all of the great times over the past 4 years. Good luck to everyone!

4 Years- Hell Yeah to everyone who made it through the whole time. There's nothing better than a little Camp Kieve to instill that everlasting bond. Good Luck with everything guys.

Mom and Dad- You put me through Gould and helped me so much. I'll certainly miss the constant advice to steer me in the right direction. Thank you both.

Charles- My boy, my partner in crime. Man, think of all the stupid, yet fun things we've managed to do. It's great that Gould teaches so much about the outdoors, I never thought I could climb so well. Have fun with everything man. Mr and Mrs. Manning- 2 years was far too few. It should have the whole four and more than that. It was always nice to have someone on my side when the parent-teacher chats got interesting.

Lindsay, Maddie, Shelley... I love all you guys and visit me whenever you can.

Skis, huh?  
That's right!

## The Germans !!!

**Family** – Without my family studying in the US would have been impossible for me. Thank you so much for supporting me! I would never have made it through high school without you. When I needed help you were there and supported me as good as possible. I might not always show when I am home but I love you with all my heart!!

**The Golfers** – Thanks a lot guys! We had a lot of fun on the course and at Wendy's (right Daly). We are still undefeated!

**Holden Black Night** – Fighting for justice at Gould was fun. We had a lot of long night and a lot of really good pranks!

**Junior 4-point crew** – It was the most ridiculous group (Miles, Jeff Graham, Daly, SangGon, Florian, Fitz, George) ever with the best teachers (Mr. Siekman and Mr. Alford) we could get. I bet I won't have that much fun in the woods again. THANKS guys

**Daly** – You're the laziest kid alive. But it was the funniest thing ever seeing you being a lazy and eating food. I had a awesome time living with you! **P.I.N.G Ben** – The smallest gangster from Japan. So much fun living with you man. Thanks a lot for the good time in our old room! A lot of pranks which were so much fun! **Thomas** – My good friend from home. We always had a good time talking about Germany! **Miles and Jeff** – Thank you guys. When I was pissed of, Jeff lit himself on fire or Miles was just being himself – the funniest kid alive !!! And he supported me all the time... (he told me to write the support part) **Fischer** – You were so proud of being from Baltimore. We had a great time chilling and we became good friends **Graham** – I don't know how you are able to be good at everything what you do but we had a good time playing golf on the course and on X- box ( I couldn't win)! **Fitz** – Dude you have been the meanest person at Gould to me. But I know you love me!! **Ladies** – Thanks guys. Without you I wouldn't be interested in girls anymore!! Was a lot of fun hanging out with all of you! **To the people I forgot** – It was awesome time and Gould and I am glad that I was able to meet all of you!

**Thank all of you guys. Just stay how you are and hopefully I will see you again!**

Mom And Dad, I love you!

Thanks for all the support you gave me all over these years. Without you I probably would not be here and I would not have such a great chance to finally do something out of my life. Thanks to my brother, who actually had the idea of sending me to a boarding school in the US. Phillip, you've always been a good brother, even if we weren't always the friends we are now.

I would also like to thank people that had a great effect on me in these years. Especially Mr. and Mrs. Shiffrin which really supported me even if it was not school work, Mr. Newell, Mr. Eli and Mr. Lynch, Doc. O and Madame.

I haven't spent much time here at Gould, but the friendships I have made will last forever. Gould has been a great experience for me over the past two years and I look forward to seeing the same faces again in the future.

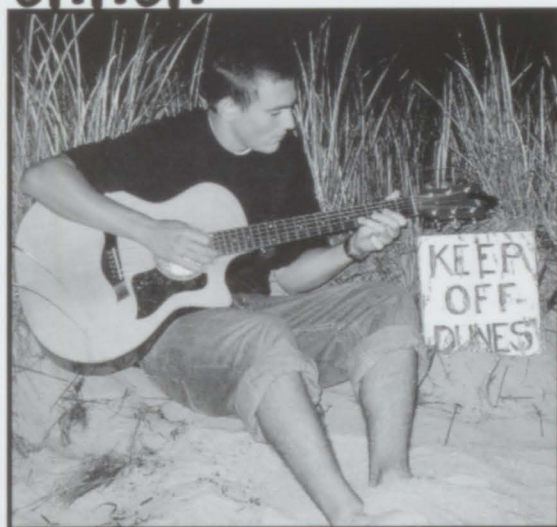

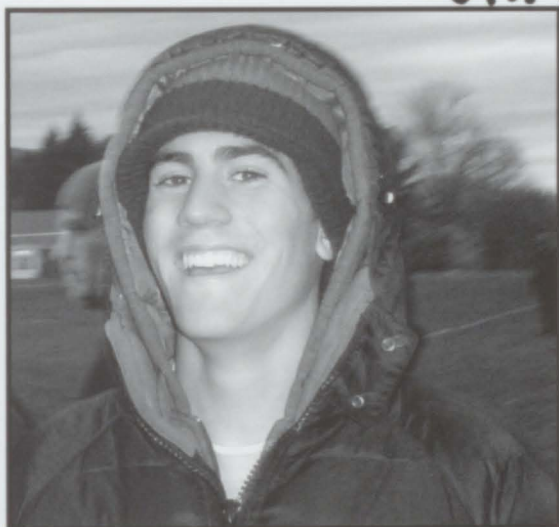

Mom- I finally made it. It was a tough road but you always were there right by my side. I would have never made it without you. I seriously don't know anyone who could have done a better job. I love you.

Holden Boys- It's been fun. You guys are some of the most chill people I have ever known. Daly, great late nights with pizza from New York and a movie. Raph, you are my favorite German of all time.

Davidson Boys- Wow. What crazy times. Brian, fun times up at the condo. Jimmy, you're one of a kind. Graham, we have had some interesting nights and fun times out on the field. Although I never was part of your dorm, I'm glad you guys considered me one of you. I'll miss you guys.

To everyone else. I have enjoyed the time I have spent with you whether it was just for a few hours or over the past two years.

That being said, here goes: Everybody always gives shout outs in their senior page, so here are mine, if I miss you, sorry, you'll get over it:  
To Mr. & Mrs. Manning: You guys have become my family on the east coast. Thank you so much for everything and I will never forget what you have done for me. You guys are some of the nicest people I've ever met, and without you my experience at Gould would have been much worse.  
To Lee & Woody: If the Manning's hadn't been my advisors, you would have been. The two of you are some of the coolest people at Gould, and while I was here you helped me so much. It is people like you who make the thousands of dollars spent at these boarding schools worth it. I'm really sorry about pottery this spring Woody. It would have been a great time.  
To my parents: Thank you for the thousands of dollars that you dumped into this place, and I'm sorry so little of it came back in grades. Thank you for the experience of a life time, though, and don't worry, I'm sure college and life and all that stuff will just work itself out.  
To Antonovics, Fitz, Rob, Graham, Nate, Bozzeli, Seth, Mildner, Siekman, T.L., B. Schroy, Kranzley, Swafford, Opie, John P, Charles, Carver, Warren, Leon, Madison, and all my other friends at Gould: We held it down this year, no doubt. We had some fun nights, and I'll definitely see you guys around. I'll see you at reunions if you guys come to those and otherwise I'll pour one out for all of you sometime.  
A salute to: The woods, the river, the shack, the other river, 3 amigos, S.C., and Pat's Pizza.  
To the Faculty: I would like to thank all of the faculty members at Gould who have helped me reach where I am today: Mr and Mrs. Manning, Woody, Mrs. Huges, Beauchamp, Mrs. Nesbitt, Ms. Fries, Madame, Doc-O, Kerney, Mr. Penczer, Mr. Alford, Mr. Zicarelli, Mr. McLaughlin, the Nurses, DC, Mr. Bean, Delaurio, Caddie, Mrs. Shifrin, and all the rest of you who have been encouraging and inspiring.  
To the Academy: In my four years at Gould, through with the interactions that I have had with teachers and students here, I have learned that boarding schools have a wonderful gift. They can become a tight knit community, where everyone is family, the environment is great, and students can learn. They can also choose to be a faceless institution, with no love for its members and no appreciation for the idea of a community or a family relationship. Over the past four years I have seen this school travel from family to faceless way too quickly, and if it does not stop you will lose the advantage that you have over other schools that makes Gould great. All of Gould's history points to its ability to be a loving community. Live up to it.

Thank you everyone, good luck '07, R.I.P. super chill, peace out GA...

Thanks to everyone who got me here. It has been a wonderful two years, and it will be two years that will fail to faint in my memory.

Jen, keep an eye out for national security from now on, okay? You have made a lasting impression on me.... I can't wait to see where you are going to go after this. Thank you so much for being there. I love you!

Kat, you have helped me with things that no else would ever understand. I love and appreciate your open mind and your intelligence. I hope you keep in touch over the years.

Call you up in the middle of the night  
Like a firefly without a light  
You were there like a slow torch burning  
I was a key that could use a little turning

So tired that I couldn't even sleep  
So many secrets I couldn't keep  
Promised myself I wouldn't weep  
One more promise I couldn't keep

It seems no one can help me now  
I'm in too deep  
There's no way out  
This time I have really led myself astray

You've got to know your limitations.  
I don't know what your limitations are.  
I found out what mine were when I was twelve.  
I found out that there weren't too many limitations, if I did it my way.

Grandma - You're my mom, you're the greatest, without you this would've been a lot harder. Thank you for everything you've done for me. I know I'm "growing-up," but you'll always be the person I admire most. You're the coolest. Miss Carlson - The best advisor they could have possibly given me; my friend. Jazz - My bestest Gouldie, I'm gonna miss you, we had some fun together. Don't stop being the cool person that you are. Lucian - My little brother, but not really. Having you around made the whole experience just that much easier. Thanks for being my friend. Seamus - Glad I got to know you. Getting to talk was probably part of the best things about being around you, whether it be serious or just random, it was good. Adam - You were cute, you were sweet, and I love that about you, don't change too much as you grow up. George - what can I say about you? You were nice, you were funny, you were sarcastic as heck. Gonna miss ya. All of my friends, mentioned an not, this isn't the end, it's just a split in the path, which ever way we choose to go, our paths will cross again. Getting to know all of you has helped me in my quest to grow and change into the person I'm going to be, and I'm better for knowing each and every one of you. I'll miss you all, but now it's time we find our ways. This is not the end, this is not good bye, this is merely farewell for the time being. We are great people destined to be greater, and we have made one another better for knowing each other.
